

CHANGES TO FRENCH IMMERSION & AFTER-SCHOOL ACTIVITIES 2017 – 2018

We have revamped our French Immersion framework to create a richer, more focused learning environment to provide depth vs. breadth. Students will have an opportunity to choose two out of five French Immersion courses during extended day. Students will have each class twice weekly for 45 minutes Mon - Thurs. In addition, students will also register for an after-school club for 40 minutes Mon - Thurs.

Half of our students who participate in French Immersion will have their French class from 2:35 - 3:20 and an after school club from 3:20 - 4:00. The other half will start with their after school club at 2:35 and begin their French Immersion class at 3:20.

This new model will enable us to utilize more our BHS French teachers, focus on five classes that are strong and ensure students have a balance of after school engagement and French language. After collecting data from students and families, we have narrowed down our options to provide high quality learning experiences for all students. *Additional afterschool clubs will be available from 4pm – 5:30.
